

**\$5.00 PROFIT SALE**

The premise of our \$5.00 profit sale, is based on the sale of an A4 Brand, 100% polyester, crew neck, tee shirt. Our price to you is \$10.50. The selling price of this shirt is \$15.50.

The \$10.50 price includes full color printing in one location. Add your name, number or other information at no additional cost. There is no set up Charge! There are no Screen Charges!

All of our printing is done using sublimation dyes. These dyes make a permanent mark on the fabric. Our prints will not crack, peel or fade. The printing will outlast the shirt!

We suggest that these shirt colors be used if you have a colorful logo and design. Sublimation Dyes are translucent and some of the shirt's color will show through the dye. Pastel colored shirts print the best because of their soft colors. White and silver are the most popular shirt colors chosen. White certainly prints the best

We highly suggest that if you choose one of these shirt colors, that your print color be Black. Black will show up on all of these shirts and will not allow the shirt's color to bleed through. These shirts are not the best choices if your printing has a lot of detail and color.

We can provide a "CUSTOM STORE" for your SALE or FUND RAISER!

**So.....if you are interested in our fund raiser, you tell us what you would like to sell! We'll tell you what the items will cost! You tell us what you would like to sell them for. The difference between the cost and the selling price, is your profit.**

*If you require Jackets, 1/4 Zips, Full zips, Sweat Shirts, Hoodies, or dark custom apparel, we offer Embroidery, Screen Printing, Vinyl Cutting, and DTF Printing. Although these processes do not make as permanent a mark on your apparel, (like sublimation does,) they are necessary, to accomplish marking on items that cannot be sublimated.*

*With our 52 years of experience, we have accumulated knowledge, equipment, and application expertise to mark on almost any surface! We would love to serve your needs. Thank you!*
